- Uniquely provide rapid solution in integrated decision support pertaining to any logistic operations.
- Procurement management entirely depended on faster roll-outs and de-risked upgrades of the highest quality; all delivered with procurement techniques.
- Proven history in spare parts with predefined methodology and frameworks.

Task Definition

Introduction

Our company broad banded our base of services to meet the need of today's right transportation, logistics and warehouse companies with an extensive well-established highly customer-focused team. We have our own maintenance team consisting of mechanics, refrigerator specialists and fully equipped garages located in our company. We have a team of vehicle movement supervisors to maximize trips efficiency and reduce any inconvenience.

We are capable of providing refrigerators, flat beds, low beds & Box trailers on trip basis as well as monthly rent. All our trucks and drivers are insured. All our vehicles are in best conditions as our main concern is to provide best services to our contractor and at the same time to our clients. For that reason, we are very strict on our vehicles over all condition. AL-RIAZ International Co W.I.I. Kuwait (RIC) has the capacity of handling all procurement issues that includes, Supply, Installation and operation of highly sophisticated modern and durable kitchen equipments, construction materials, house holds, food items, Manpower, Agriculture, Steel Erection, Interior View etc. we have direct intercrop access to bulk purchasing of a wide variety of catering, machinery, goods & equipments. We intend to provide our best services as we have already provided to several contractors. We wish to have a reliable business giving maximum output to the companies. Though we have expanded to become a nation wide concern, serving companies all over the Kuwait Gulf and Iraq, AL-RIAZ International Co W.I.I. remains focused on the quality transportation.

We would be very pleased to provide the transportation and procurement services. We are capable of providing and maintaining any kind of heavy vehicles (feet Flatbeds, Containers, Box trailers, Refrigerator trailers, Low beds etc.) with complete vehicle movement co-ordination. The RIC

division plans to diversify its business portfolio by adding new concepts to building construction in Kuwait. Construction has taken an important place in Kuwait now.

RIC is specialized in the manufacture of portable cabins, this is possible only because we have our own yard and a team of skilled laborers who are capable of rising up to our client's expectation, both in terms of sticking to the time and giving the product a finish what our clients are looking for. RIC Lunder takes civil construction work also, on contract basis. Supply, Installation and operation of highly sophisticated modern and durable kitchen equipments, construction materials, house holds, Manpower, Agriculture, Steel Erection, and Interior View etc are also done on a regular basis. The architects and engineers strive to make use of innovative ideas to bring out the best design both for indoor and outdoor purpose. The RIC division has short and long term plans to be a multidisciplinary firm which has the ability to handle all infrastructure projects including residential complex, mini villas, schools and sheds, cladding and asphalt works but not limited to sewage and drainage works.

We do fencing, steel mezzanines, stone works, and mobile shelter with all the required amenities. All the electrical components used for the various buildings are only from the certified suppliers and manufacturers. We do supply heavy equipments like cranes, forklifts, and all other tools for construction purposes, and for shifting of goods from one place to another.

After the construction is completed, the site and the premises are left neat and tidy for the occupants to move in. The materials used for the construction projects are all of the best quality and of competitive price. The site engineers deployed on the construction site approve the materials.

Conclusion ▼

Health & Safety Policy Statement

HSE
Keeping safety first

AL-RIAZ International CO (RIC) provide Total Solutions & Services including Construction, Operation & Maintenance, Logistics, Fabrication, Steel Erection, Electrical, Mechanical for encompassing projects. RIC is committed to the achievement of high standards of Health Safety and Welfare at work for all its employees and others who may be affected by its operations, e.g. client staff, sub-contractors, visitors and members of the public.

RIC aims to continually improve Health & Safety standards through the implementation of this management system. Only through full and wholehearted joint action, commitment and co-operation by management and workforce can the objectives of this policy be achieved successfully.

The policy principles & Objectives, including the duties, responsibilities & arrangements are brought to the attention of all employees.

HSE Policy Principles & Objectives

- To ensure the health, safety and welfare of all persons at work and those who may be affected by our operations.
- To constantly struggle to achieve zero accidents including dangerous occurrences and near misses.
- To take full and proper account of the requirements of the Health and Safety at Work site.
- To ensure adequate arrangements exist to enable the effective management of health and safety, including audit inspection and review.
- To provide a safe place of work without risk to the health, safety or welfare of the workforce including safe access and egress to and from their place of work.
- To provide safe equipment and systems of work.
- To provide a safe working environment and adequate welfare facilities.
- To provide facilities for the safe use, handling, storage and transport of articles and substances.
- To provide enough information, instruction, training and supervision to enable the workforce to contribute positively to the implementation of this policy and their own safety and welfare.
- To ensure that this policy and the arrangements for implementation are brought to the attention of all employees.
- The Policy arrangements, procedures and safe systems of work are regularly reviewed and kept up to date.
